

Pflugerville Community Church Preschool

Information Sheet

2009-2010

Laurie Mazoch – Preschool Director

Steve Clem – Pastor

Philosophy

Pflugerville Community Church Preschool offers activities and experiences for the growth and development of the child. This includes social, emotional, physical and cognitive stages of development.

All children are unique. PCC Preschool values each child's individuality and different progressions of development. Each child's individual needs will be accessed and met with the most appropriate method.

PCC Preschool will provide opportunities to develop self confidence, social interaction, and self expression in a setting that encourages faith and understanding of God's world.

Curriculum

Pflugerville Community Church Preschool's curriculum is based on the belief that children learn through play. PCC Preschool offers a quality curriculum that engages children in thinking, reasoning and communicating with others.

Classrooms include learning centers, which vary somewhat for each age level. Examples of these centers include dramatic play, art, books, science, math, blocks and manipulatives. The teachers base their weekly plans on different themes or units. The units chosen are relevant, understandable, and suitable for the children's age level, and capable of leading to many activities and discussions. The preschool introduces a letter of the week as well as a color and shape of the month.

Bible education is included in our curriculum and is based on enhancing the units or themes for that week. PCC Preschool encourages loving, caring relationships with others in a Christian environment.

Music: Children in all classes experience music daily. Emphasis is on enjoyment of music and movement. Children are exposed to instruments, rhythm, finger plays, singing, and music from other cultures.

Cooking and Science: Children will experience cooking or science on a weekly basis. Pre-K will be exposed to science on a daily basis.
